

**Goh Chin Chin**  
**Group Director, Development Control**  
**Urban Redevelopment Authority**

As Group Director (Development Control), Chin Chin leads her team of planners in collaborating with developers and building professionals to develop Singapore, providing guidance and planning approvals for development projects in Singapore. She is also responsible for engagement with stakeholders and the review of regulatory policies and development control guidelines to ensure that URA's policies remain relevant.

Prior to her current portfolio, she has also been involved in strategic long term planning and reviews of the Master Plan for Singapore. This included studies related to the planning for greenery and infrastructure projects including rail projects and Changi Airport Terminal 5.
