

## **Yuelin T Yang**

### **Chief Stewardship and Wellbeing Governance Officer, IMC PAA Deputy Group Managing Director, IMC Industrial Group Group Managing Director, Unithai**

Mr. Yang is the Chief Stewardship and Wellbeing Governance Officer for IMCPAA. His role encapsulates the Wellbeing Governance & Stewardship Committee which governs IMCPAA's initiative to transform the IMC Group and its portfolio companies toward becoming a wellbeing, happiness, green and impact investing company. Overall guidance is provided by IMC's Wellbeing Mandate and its values of well-being of all systems, brand credibility, stewardship, entrepreneurship, value add and coherency.

This role integrates his over 35 years' experience in C-Suite operational and P&L roles, legal, finance, corporate development, managing joint ventures with NYSE and TSE listed partners, corporate governance, family businesses and family offices. He has extensive knowledge of institutional investors and family offices through his active involvement at Asian Corporate Governance Association (whose investor members manage over \$40 trillion) as a Council Member, Pacific Pension & Investment Institute (whose members manage over \$25 trillion), NUS Business School's Centre of Governance & Sustainability as an Advisory Council member, Verlinvest Asia as an independent director and previously at Family Business Network and Family Office Exchange

Concurrently, Mr. Yang is Deputy Group Managing Director of IMC Industrial Group and Group Managing Director of Unithai.

Mr. Yang has been with IMC since 1995 and has held various senior appointments. Prior to joining IMC, Mr. Yang was a member of Office of the Chairman Stan Shih and Associate General Counsel at Acer Computers in San Jose, California and Taipei, Taiwan. He started his career practicing law in Silicon Valley at the Cooley Godward and Brobeck Phleger law firms.

Mr. Yang is on the Asian Board of Directors for Verlinvest which is the family investment vehicle for the Spoelbertch family who are major shareholders of AB InBev.

Mr. Yang received a Bachelor of Science in Industrial Engineering from Stanford University and a JD from Stanford Law School.
