This is a precious artwork designed to provoke profound conversation. Titled "The Deca-Diptych," the piece features ten \$100 Singapore Dollar notes (totaling \$1,000 SGD) meticulously mounted and framed as a single, unified work.

A truly special feature is that all ten notes share the same last four serial numbers, giving the piece not only intrinsic value but also extraordinary collector significance.

The "Deca-" (ten) symbolizes boundless potential, while the "Diptych" (double) represents a fundamental choice. This \$1,000 can serve as your "Seed Money" (钱母) for a new plan, symbolizing the principle of "Using money to generate more money" (以钱养钱).

Whether displayed in an office or a study, this is an eye-catching and deeply symbolic collectible—it is also an ideal, exquisite gift for business partners or cherished friends.

The Longevity and Smooth Success 九六长顺

Sponsored By 赞助者:
Golden Watch Gold & Jewellery

01 piece of Pure Silver note, 01 piece of Pure Silver coin
Starting Bid/起标价: SGD \$388.00
Incremental Bid/最低增额: SGD \$200.00

The juxtaposition of the numbers "Nine" and "Six" forms the Yin and Yang symbol, which represents not only the energies of the heavens and earth but also the journey of life itself. These two digits form a complete and harmonious union, symbolizing the all-life energy within the individual and the universe, and are intended to breed wisdom and positivity. It is believed that the six digits generate and attract positive energy, evoking good thoughts and urging self-action, thus breaking stagnation and cultivating worldly perception. Notably, the number '6' is a homophone for the word "smooth" in the Hokkien dialect. When paired with the number '9' (which represents the period of longevity and is considered the most powerful number in Chinese history), this piece reflects an everlasting flow of good luck and smooth success for its keeper.

数字“九”与“六”的并置，构成了阴阳符号，这不仅代表了天地间的能量，也象征着生命的旅程本身。这两个数字形成了一个完整且和谐的结合，寓意着个体自身和宇宙中的所有生命能量，旨在培育智慧和积极性。人们相信，这六个数字能够产生并吸引正能量，唤起美好的想法并激励自我行动，从而打破停滞状态，培养世俗的洞察力。特别值得一提的是，数字“六”在闽南语中是“顺” (smooth) 的谐音。当它与象征“长久”和被视中国历史上最强大的数字“九”结合时，这件艺术品便预示着能为收藏者带来源源不断的幸运和一帆风顺的成功。
