University of Sorbonne Paris Nord 2018 – 2021
Bachelor's in Applied Mathematics *Villetaneuse, France*

RESEARCH EXPERIENCE

Pre-Doctoral Research Assistant for Prof. Karsten Müller October 2023 – July 2025
National University of Singapore, Risk Management Institute *Singapore*

Global Credit Project
· Contributed to the codebase necessary for the integration and harmonization of the data.
· Collected historical credit data for West African economies dating back to 1957.
· Worked on the implementation of statistical methods to derive high frequency data.

Financial Kuznets Facts Project
· Wrote a comprehensive historical background on credit policies in 42 emerging and advanced economies.
· Identified the dates associated with the adoption of policies.

WORKING PAPERS

Global Macro Databasr
with Karsten Müller, Chenzi Xu, and Simon Chen

- Wrote the code infrastructure to create the most comprehensive macroeconomic database, integrating data from current and historical sources.

- Developed and implemented API query to automatically update and integrate the data.

- Implemented applications of the data on the impact of climate change on the economy using our constructed dataset.

AWARDS

2023 EPOG Prize for the most-promising master's thesis Paris, France
Awarded to the economics major who has contributed the most to the major as a whole, including collaborating with faculty, assisting students, and demonstrating research potential

2022 SFRI Scholarship Paris, France
SFRI (structuration de la formation par la recherche et l'innovation) is a French government scholarship awarded by host institutions to students that showcase high potential for research.
