

The 2<sup>nd</sup> EdgeProp Singapore Excellence Awards Gala Night was held on Wednesday, 3 Oct, at The Fullerton Hotel. Associate Professor Yu Shi Ming, Head of Department of Real Estate NUS, is one of six judges for the awards. He is also the only returning judge this year.

The awards are set out to recognise the best property players in Singapore. This has been carried out in the belief that the quantitative attributes of a developer alone is not sufficient to earn it the title of an outstanding player.
